

Product Code										Description
PMC-340 Digital Three-Phase Energy Meter										
Basic Function										
A										Basic Model
B*										Model A + 3xDI + 2MB Log Memory
Input Current										
A										20A (100A), Direct Input
B										5A (6A), CT Input
Input Voltage										
3										240VLN/415VLL
System Frequency										
5										45-65Hz
Reserved										
X										None
Communications										
A										1xRS-485 Port
Display Language										
E										English
PMC-340	-	A	A	3	5	X	A	E	PMC-340-AA35XAE (Standard Model)
